

Ultra-Cool Websites for Summer Practice

www.MagicTreeHouse.com (Grades 1-3)

Join Jack and Annie on a magical adventure...climb up the tree and enter the tree house to find some great puzzles, fun games and quizzes on any of the 45+ MTH books.

www.ReadWriteThink.org/files/resources/interactivesPrinting_Press (Grades 1-4)

Read Write Think creates a lot of great educational resources. With Printing Press, children can create a booklet, flyer, brochure or newspaper fairly easily. It is a fun and interactive way to capture and write about summer memories!

Tagxedo.com (Grades 1-4)

If your child likes Wordle.com, he/she will love Tagxedo! Turn your words into beautiful and creative masterpieces

CoolMath.com (all ages)

Cool Math is "designed for the pure enjoyment of mathematics." This interactive site features a plethora of fun games, puzzles, and activities.

ScienceBob.com (all ages)

Science Bob is a fun, interactive site that has several different areas for kids to choose from. There are videos, experiments, science fair ideas and a research help link with many fantastic links to other sites. Science Bob also has some wonderful chapter books!

Grammaropolis.com (Grades 1-4)

Grammaropolis is a fun, interactive site that helps students learn about the parts of speech.

Abcya.com (all ages)

ABCya! is a fun site for lots of great games and activities across a wide range of subject areas.

InventionatPlay.org (all ages)

Invention at Play is a fantastic interactive website from the Smithsonian National Museum of American History.

StoryJumper.com (all ages)

Story Jumper is a wonderful site that allows children to create their very own books. You can create cover pages, add text, upload drawings or photos to illustrate your story, and you can use the Story Jumper clipart gallery, too.

MathRun.net (Grades 1-4)

A fun site for practicing basic math facts, Mathrun is a simple idea (math problems float up the screen, and you have to tell whether they are correct or incorrect). It is simple, yet fun. You use the arrow keys to tell whether the answer is correct or incorrect. This is a great site to use for independent practice.

Kidsites.com (all ages)

Your guide to the best sites on the web for kids!
